CITY OFFICIALS

To Be Banqueted by Policemen and Firemen.

A Number of After-Dinner Talks Will Enliven the Proceedings.

The firemen and policemen will tender a banquet this evening to the city officials to celebrate their recent re-election. It will be held at the Fire Department building and covers will be laid for about 50. There will be an elaborate menu, including turkey, possum and other equally good things. Mayor Meacham will act as Toastmaster and the following list of speakers will respond to toasts:

"One of the Finest," Chief of Police Roper. "My Busy Day," Judge L. T. Brasher. "I'll Look Into It," City Attorney J. W. Knight. "The Ring of the Hammer," Dr. J. B. Jackson. "The Best Town on Earth," Councilman L. H. Davis. "Me and Billy," Officer W. T. Broderick. "Hot Time in the Old Town," Lieut. Booth Morris. "What I Would Have Done in Princeton," Fire Chief Hester.

FLEMING-STEGAR.

Popular Young South Christian People Marry.

Mr. J. Edward Fleming and Miss Lillie Stegar, popular young people of South Christian, were married yesterday afternoon at the home of the bride near Beverly. The wedding took place at 3 o'clock and Rev. W. H. Vaughan, of Fairview, performed the ceremony. Mr. Fleming is a son of Mr. Tom Fleming and is a prosperous young farmer. His bride is the elder daughter of Mr. E. R. Stegar and is quite pretty and attractive. The young couple will live with the groom's parents near Herndon for a while and will then go to housekeeping.

RAIDED HEN HOUSE.

Thieves Made Big Haul Monday Night.

Thieves broke open the henhouse belonging to Miss Lillie Hester, on South Main street, Monday night and carried off twenty-five fine hens. The police were notified but no clue could be discovered that would lead to any arrest. The same henhouse was robbed about the same time last year.

BIG CONCERN INCORPORATED.

Yost Co. Will Begin Business January First.

THE CAPITAL IS \$10,000.

Will Manufacture Harness and Deal in Vehicles.

Articles of incorporation of the Yost Co. have been forwarded to Frankfort. The capital stock is \$10,000, divided into shares of \$100. Delbert D. Casey is President and manager and Harry A. Yost Sec'y and Treasurer. Business will begin Jan'y 1st, 1907. The new company has leased the large 3 story building adjoining the Kentuckian office, known as the "Racket Store." Many changes will be made in the building in order to make it suitable for the business. A large elevator is to be put in and a gallery in the rear. The harness manufacturing department will also be in the rear. This building is better adapted for the business than any other in the city. All three stories will be utilized and the company was fortunate in obtaining a lease on it.

The officers of the company are among the best known people of the city. Mr. Delbert Cayce has been with the Planters' Hardware Co. since its organization. Mr. Harry Yost is the popular harness and buggy man, who has been in business on South Main since he was a boy. It is useless to say that these popular gentlemen are fully competent to handle the large business that will soon be theirs, and that the people can trust them to the utmost in supplying their wants and giving them just what they pay for.

Mr. Yost has been doing a large business for a number of years and a short time since added wagons and buggies. He has been wonderfully successful in his new line and in his new quarters and will be better able than ever to satisfy his many customers.

The company will manufacture harness for the wholesale trade, as well as supply the wants of the individual customer. It will carry an unusually large stock of buggies, wagons and other articles, and will be able to compete with any house in this part of the state.

Mr. Frank A. Yost, manager of the Crescent Mills, is one of the incorporators and will be able to induce much business for the new concern. In his position at the Mills he has become acquainted with nearly every farmer in the county, and with the combined efforts, coupled with the general popularity of the three gentlemen named, at the head of the Company, there is certainly a bright outlook for a large business. Success to them.

DOUBLE HEADER

Will Be Played By Four Basket Ball Teams.

The Co. D. and S. K. C. basket ball teams will play a game at the College Gymnasium to-night, at 8 o'clock and following this game there will be one between the High School and Perryville Club team. The price to the double header will be only 25c. The Soldiers and Cadets have strong teams and some good sport is promised.

AFFLICTED WITH CATARRH— LIFE HAD BECOME A BURDEN.

Pe-ru-na, Used As a Last Resort, Affords Complete Relief.

MRS. F. CARR.

The Relief Experienced By Mrs. Carr Through the Use of Pe-ru-na, After Having Tried the Best Professional Treatment in Vain, is a Matter of No Small Wonder Among Her Many Friends.

Mrs. F. Carr, Vineland, Ont., Canada writes:

"For several years I was afflicted with catarrh, which made life a burden.

"The coughing and hacking which accompanied the disease was terrible.

"The complaint finally extended to the stomach and I was in a wretched condition.

"I tried different remedies and the best professional treatment all in vain.

"Finally, as a last resort, I tried Pe-ru-na upon the recommendation of my sister in Hamilton.

"I could see steady improvement and after using four bottles of that precious medicine I was feeling well again, my

old trouble being completely a thing of the past.

"Today I would not take one thousand dollars for what this grand medicine has done for me."

Many women owe their lives to Pe-ru-na. A great many more owe their health to Pe-ru-na.

A multitude of women throughout Canada are using Pe-ru-na as a preventive and a relief from catarrhal coughs and colds.

We have in our files a great number of letters from grateful women who have been benefited by Pe-ru-na, with permission to use these letters in public print.

Catarrh would not be such a curse to the human race if people thoroughly understood its nature.

Catarrh is a disease which never improves of its own accord, but becomes deeper seated the longer it is neglected.

It should be treated at once to prevent it from making inroads upon vital organs.

An article in the last issue of the Kentuckian, discussing the news features of the influx of loose tobacco, has caused some embarrassment to Mr. Geo. C. Long, whose name was used by the reporter. Mr. Long merely mentioned the heavy volume of business being done in tobacco and did not authorize an endorsement in his name of any particular method of selling tobacco.

Mr. Long, like all of our business

Catarrah Cannot Be Cured

with local applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it, you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quick medicine. It is prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrah. Send for a bottle, free. J. F. CHEWY & Co., Toledo, O. Sold by all druggists, 75c. men, is not taking sides in the issues raised by the marketing of tobacco. The Kentuckian's own views are well known. Our sympathies have all along been and are at this time with the tobacco association in its struggle against the trusts, and our influence shall continue to be exerted for the farmers in all lawful steps they may take.

The argument for loose sales was intended to refer to the system by which tobacco could be either sold or deposited and money realized on it at once. For many years the farmers have been marketing their tobacco in this way and they can now either store it with the association pricing houses or sell it to the independent buyers and realize money as they need it. The association has been a blessing to the tobacco raisers and the prices are now higher than for years past. The farmers for once are organized and in a position to control their own crops and the planter who stays out of the organization is greatly in his own light.

To remove any doubts as to what the attitude of this paper is to the association, and to prevent a news item from being misconstrued, the editorial policy of the Kentuckian is again thus plainly set forth. We have published freely and gratuitously every article sent to us by the association's officers and shall continue to do so. Our interests, our sympathies and our influence are all with the struggling farmers, as long as their methods are within the law. We must not, however, as citizens, forget that the independent buyers are citizens and tax-payers as well as ourselves and are entitled to "a square deal."

DELIGHTED

Audience Greet North Bros' Comedians.

The consensus of opinion of theatre goers is that the North Brothers' Comedians form the best repertoire company that has ever held the boards at Holland's Opera House. They have been having good houses every night and the plays thus far put on seem also to be better each night. The ladies orchestra is far ahead of most that usually accompany such companies, while the specialty acts are of a high order.

Tonight the play will be "The Celebrated Case." Friday night "His First False Step" will be put on, and is one of the best and most intensely interesting of the company's repertoire. Saturday night "A Fight for a Million" will be presented. Matinee Saturday afternoon. The very old and ever popular play of "East Lynne" will be given. The doors will be open at 2 o'clock, performance begins half an hour later. Nearly all the children in the city will be there.

On Christmas night Billy Kernand's minstrels are to be here. This is one of the best minstrel companies on the road.

HOG CHOLERA

The Problem of a Cure is Now Solved.

The much dreaded disease, hog cholera, has lost its terror to those who are posted on modern methods of treating the disease. It is now a curable disease. Any practical farmer who will follow the instructions given by the manufacturers can stop the worst outbreak of disease that ever came and save almost every hog able to take the treatment and restore the herd to thrift in a few days time.

The Snoddy Remedy, manufactured by The Dr. J. H. Snoddy Remedy Co., of Alton, Ill., has been used in this country and has proven itself a positive cure for the much dreaded disease. It is now on sale in Hopkinsville, by the Planters Hardware Co., Inc., who will furnish any farmer or hog raiser one of Snoddy's books on hog cholera, free of charge, who will call at their store for it. Full directions for curing hog cholera is fully explained in this little booklet. Every farmer should have one. They are free, and it is hoped that the people will study up on this new method of treating the disease so they can feel safe from the disease when raising hogs and also so they will understand how to keep the cholera out of this country. The remedy is also on sale by E. W. Stegar & Dickson, down at Masonville, who will also furnish the farmer a copy of Snoddy's book on hog cholera, who will call there for it.

This remedy is the greatest worm remedy and thrift producer for hogs there is on the market. The extra gain they will make from its effect will return the farmer an average of \$5 in this extra gain for every dollar's worth of the medicine he uses properly and right. Hence the remedy is not an expense to a farmer but is a profitable investment and one that pays a greater profit than anything else on the farm the same amount of money can be invested into.

The remedy is certain in its action when properly used. It is impossible for a cholera germ or worm of any kind to live in a hog while that hog is under the influence of this remedy. The remedy will destroy every worm or germ of this kind and the hog will get well in a short while and be as thrifty as he ever was.

There are many imitations of this remedy being put on the market. Let everyone be careful that they do not buy an imitation of the goods.

BEAUTIFUL ARRAY OF CHRISTMAS GOODS

At the Big Stores of Gray-Dudley Hardware Co., of Nashville.

Though the fact may not be generally known, Tennessee has within her borders one of the largest hardware establishments in the world, in the extensive retail and wholesale emporium conducted by the Gray & Dudley Hardware Company at Nashville. In conducting their business the company has found it necessary to thoroughly equip, with every late and up-to-date facility for handling their line of goods, one of the finest buildings in the city of Nashville. The mammoth establishment is located on Third Avenue, N., formerly College street, where a large corps of clerks are employed in waiting on the trade and dispatching goods from the wholesale department.

The house travels a large number of experienced men and has several hundred employees. The Gray-Dudley Co., own and operate five separate factories, embracing hardware, harness, saddlery, etc., and have fifteen separate departments, consisting of railroad and mill supplies, mining tools, cutlery, guns and sporting goods of all kinds, athletic goods, house furnishing goods—which has been added to the retail store—silverware, lamps and clocks, all of which is handled to the jobbing and retail trade.

As Christmas times come on the departments which are attracting most attention are those located on the first and second floors of the big establishment. To a person bent upon Christmas shopping these elaborate departments are like a heaven. The appointments are excellent, and the rich line of wares displayed in a manner calculated to arrest the attention of the visitor.

The store is a bower of loveliness in the day, but by night, as the soft light plays upon the glittering silverware and elaborate cut glass displays, the scene is one which bears description. This year the Christmas stock is much larger than any previous

year, especially selected to accommodate a rapidly growing trade. In the silverware department alone the company carries a stock of enormous proportions, chests of silver ranging in price from \$100 to \$825, and the cut glass display has no equal in the South, pieces ranging in price from \$1 to \$100.

There are many new and pretty holiday novelties arriving daily, and time spent looking over the handsome array of goods is not lost.

PROCLAMATION.

No Disturbance of the Public Peace Will Be Allowed.

TO THE PEOPLE OF HOPKINSVILLE:

At the beginning of the holiday season, to allay any feeling of insecurity in Hopkinsville, I am making this public announcement of conditions in the city. There is not now, nor has there been at any time, any danger of mob rule in Hopkinsville. Following the Princeton outrages of Dec. 1, I took immediate steps to guard against similar marauding here and, to relieve the apprehensions of the people, made public announcement of the fact. The guards have been increased until there are now sixteen night policemen and four night firemen invested with police authority on duty every night, armed with guns as well as pistols. Every part of the city is patrolled and the officers are instructed to arrest all suspicious characters, and should they encounter a formidable force of marauders to at once turn in a general fire alarm and a riot alarm, which would be instantly responded to by eight other firemen, five day policemen, a strong posse of sheriff's deputies, the local military company of fifty men and an unlimited number of "home guards," who would aid in protecting the city and arresting the marauders, dead or alive.

The system of notification is such that the city cannot be taken by surprise and the alarms and signals arranged are automatic and cannot be interfered with. I was called upon by representatives of all of the insurance companies to give information of the conditions here and I gave them such assurances of protection that with hardly an exception these companies will continue to write insurance on all classes of property as heretofore.

The situation locally is quiet and peaceful. Nothing will be tolerated that is calculated to make it otherwise. Incendiary speeches in public or inflammatory talks on the streets will be promptly stopped, drunken men will be arrested and every attention will be given to the enforcement of good order during the holiday season.

days, and above all there will be no relaxation in the vigilance of the officers. I have been criticised in some sources and some personal threats have been reported to me, but I shall not change in the least the plans formulated for the protection of property in the city, except to strengthen and improve them.

As a result of the feeling of confidence in our ability to take care of ourselves, Hopkinsville is to-day enjoying an era of unexampled prosperity. Business men are overwhelmed with customers, new people are coming to the city every week, there is not a vacant house or store room in the city. Our tobacco men are getting along harmoniously and hundreds of loads of tobacco are being brought in every day to the factories in and out of the organizations and the prices obtained, thanks to the Planters Protective Association, are the highest in years. There is no occasion for anybody to be dissatisfied with conditions here and no disorders of any kind will be allowed to disturb these conditions.

Pattern No. 5683.—This little, simple, white French dress is one of the most attractive among the many new designs for children. The simple, graceful lines upon which the garment is cut, insure comfort to the little wearer and at the same time give an air of smartness and mod style. The full body portion is mounted on a lining and attached to the short gathered skirt. White and pink dotted chamois was chosen for the making, the round collar and short sleeves being trimmed with pink baby ribbon. Albatross, cashmere, linen and slubbing are all suitable for the reproduction. For a child of five years two and one-half yards of material 38 inches wide will be required. Sizes for 3, 5, 7 and nine years.

This pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper. Be sure to give size and number of pattern wanted. For convenience, write your order on the following coupon:

A PRETTY CORSET COVER.

Pattern No. 5657.—The love of dainty underwear is characteristic of refined women, and the sheerest and finest of the wash fabrics are called upon for their making. The corset cover here pictured is a somewhat novel design, being made with a front fullness gathered to a pretty shaped yoke. Hand embroidery and ribbon run heading are both used in the decoration, and batiste, muslin, gauze and wash silk are all equally good for the making. For 35-inch bust measure, one and one-half yards of material, 39 inches wide, will be required. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure. A 10-cent pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper. Be sure to give size and number of pattern wanted. ATTRACTION NO. 2

At Tabernacle Friday Night,
December 28.

Manager McPherson made a wise selection for lovers of music when he secured the Lulu Tyler Gates company No. 2, of the series to be given at the Tabernacle during the present season. This company of artists is booked for Friday night of next week, [Dec. 28]. A grand treat is in store for lovers of vocal and instrumental music, to say nothing of the reading of Mrs. Gates, and other features of the program to be given. Mrs. Gates is capable of entertaining an audience a whole evening alone. Miss Edith Adams, the violinist, is one of the best in the country. She was a pupil of Robert Hausman, of the Royal High School, Berlin, and the great virtuoso, Heinrich Kiefer, of Munich. The basso, Graham Smith, has a remarkably sweet and powerful voice and scored a big success during the past two seasons in recital work. Mr. Erhart Snyder, the pianist, stands at the head of the professional pianists of the day and has delighted all who have heard him in different parts of this country.

TO WED IN JAPAN.

Nuptials of Post Wheeler and Hallie Erminie Rives.

Washington, Dec. 17.—Miss Hallie Erminie Rives, a native of Kentucky, the authoress, and a cousin of Princess Troubetzkoy, who was formerly Anellie Rives of Virginia, and Mr. Post Wheeler, formerly a well-known magazine and newspaper writer of New York, will be married in Japan at the end of the present month. The invitations announcing the wedding reached Washington to-day through the State Department's diplomatic pouch from Ambassador and Mrs. Wright at Tokio, where Mr. Wheeler is Second Secretary of the American Embassy, having been appointed late in the summer and confirmed by the Senate last week. Mr. Wheeler and Miss Rives are now the guests of Ambassador and Mrs. Wright. The latter will be Miss Rives' matron of honor, and she will be given away by Ambassador Wright, who is an old friend of the Rives family of Kentucky and Virginia. Dr. McKim, the American Bishop to Japan, will perform the ceremony, and Mr. Wheeler's best man will be a Japanese Count, who was an old college chum of his in the United States, but is now a member of the Japanese House of Peers.

Hopkinsville People Invited.

The invitations received by friends here yesterday read as follows:
The American Ambassador and Mrs. Wright request the honor of your presence at the marriage of Hallie Erminie Rives to Mr. Post Wheeler, On Saturday, the twenty-ninth of December, Nineteen hundred six, at twelve o'clock, At the American Embassy, Tokyo.

NOVEL ENTERTAINMENT

Will Be Given By the Baptist Sunday School.

The members of the Baptist Sunday School are making preparations to have their regular Christmas entertainment next Thursday night, Dec. 27th. The entertainment this year will be different from those of previous years. Instead of drawing from the treasury of the school and having a Christmas tree and giving a present to each scholar, this year each scholar will be asked to bring something to give to the poor of the city who haven't the money to buy with. It is expected that a large collection of these gifts will be the result of the entertainment and the next day they will be distributed in the homes of the city where they are most needed.

There will be much fun attached to the entertainment, as each class will be differently dressed; for instance one class will represent cooks and all the members thereof will be dressed up as black cooks and will each bring a cake or something good to eat; another class will be dressed as "millers" and will each bring a sack of flour or meal, and so on with every class in the school, each dressed differently and each representing a different thing. The officers and the teachers, assisted by the pastor, have the entertainment in hand and the members of the school are looking forward to the occasion with great delight.

MORE CONVERTS

Baptized at the Baptist Church Last Night.

The last lot of sixteen converts of the recent revival were baptized at the church last night by pastor M. A. Jenkins, 55 having previously been baptized. Dr. Jenkins preached a strong sermon and a large crowd was present and witnessed the ordinance.
